

13 x 9' Live Action and Animation

When Evan and Jillian receive a mysterious box full of toys, they are transported into the fantastical world of One Buck City, where the Dollar Toy Squad, a ragtag team of plastic bootleg action figures, thwart the evil-doings of Rust-O-Tina and her band of maniacal, metal toys. Hilarious and visually unique, the Dollar Toy Squad proves that, when working together, off-brand underdogs can win the day!

Since the ages of 5 and 2, Evan and Jillian have been creating content with their family. Their fans love tuning into EvanTubeHD and JillianTubeHD every week to see Evan and Jillian reviewing their favorite toys and games, doing experiments, taking each other on in trending challenges, doing arts and crafts, and performing in sketches.
