Eh Bee FAMILY™

Ultimate mishmash

15 x 22' Live Action

After a mysterious phenomenon affects anyone who gets more than 25 million views on an online post, life turns upside down for the infected Eh Bee Family when they are transformed into zombies. ZOMBEEES is a family comedy that embraces tolerance, diversity, individuality, and inclusion, because everyone feels 'different' or like outsiders at some point in their life - whether they happen to be a teenager, the new kid in school, or the newly undead.

The Eh Bee Family are internet personalities best known for their YouTube, Instagram and Facebook channels. They post a variety of videos, skits, and parodies to entertain a family-centered audience. They are a family of four consisting of Papa Bee, Mama Bee, Mr. Bee and Miss Bee (also known as Gabriela Bee). Their main goal is to make as many people smile as humanly possible.
